Print on Demand *****.Every year, tornadoes, hurricanes, and
other extreme windstorms injure and kill people, and cause
millions of dollars worth of property damage in the United
States. Even so, more and more people build homes in tornado-
and hurricane-prone areas, possibly putting themselves into the
path of such storms. Having a safe room built for your home or
small business can help provide near-absolute protection for
you and your family or employees from injury or death caused
by the dangerous forces of extreme winds. Near absolute
protection means that, based on our current knowledge of
tornadoes and hurricanes, the occupants of a safe room built
according to this guidance will have a very high probability of
being protected from injury or death. Our knowledge of
tornadoes and hurricanes is based on substantial
meteorological records as well as extensive investigations of
damage to buildings from extreme winds. It can also relieve
some of the anxiety created by the threat of an oncoming
tornado or hurricane. All information contained in this
publication is applicable to safe rooms for use in homes as...
